THE NOTEABLES

SPRING 2018 SCRIPT

UNTITLED

1. One

    Roberto's speech

        Move chairs on set

    Roberto: Are you guys all here to audition for the Noteables show?
    Alex: Yeah, acting is my true calling!
    Jen: But you've got to play your cards right
    Lily: Yeah, your enthusiasm doesn't matter if you can't get the casting director to notice you!
    Harry: I think I'm going to do something really original and groundbreaking for my audition. I'll knock their socks off. Literally! (makes threatening gesture)
    Rest of cast: (collective gasp) No, sit down! Don't do that! (Abruptly sit down)
    Jesse: Let me tell you what happened the last time I tried to be avant-garde...

2. Sit Down You're rocking the boat (7 chairs-- claire and caroline take away chairs)

    Ade: What did you do before becoming an actor?
    Jessica: I was a pilot!
    Ade: Really? What was it like?
    Jessica: It was a lot of hard work, but it was worth it

3. Me and the sky

    Adam: What's your favorite part about theater?
    Andrew: I love the dancing
    Adam: Why?-
    Andrew: It just feels amazing
    Adam: What does it feel like?

4. Andrew's Senior solo

    Hae-In: Do you think you're gonna make the cut?
    Jesse: I *know* I'm gonna make it
    Cassia*: How* do you know?
    Jesse: (looking around conspiratorially) I have…. *Connections*
    Hae-In: With whom?
    Jesse: There's a really famous Hollywood director that I'm good friends with
    Cassia: Really? Prove it.
    Jesse: Well, I, uh… can I get back to you about that? (Runs, grabs Quinn)

5. Sincerely Me

    Quinn: how do you live with this?
    Jesse: look, in the system of show business, everybody's a snek. Or a super snek. I'm just playing along.
    Quinn: Well, I like to have a more positive view of people. We're all in the same boat, pursuing the same rainbow's end

6. Moon River

    Claire: That's real depth there. This is real art.
    Alex: The world needs to know how amazing we are!
    Andrew: But the core of the show industry is rotten. There's no place for the little guy.
    Alex: Well, I'm here to change that. Freedom to the people! Overthrow the system!

7. The World will know

    Jen: If you try to change the system, you're going to piss off a lot of people who like things just the way they are.
    Amy: But it's wrong! It's a broken system. You shouldn't get jobs just because of your connections!
    Jen: Networking is everything, everyone knows that. I think you should just leave it alone. It will be the best for everyone— us at least
    Amy: No! I'm going to do what's right, and you can't stop me!

8. Candy Store

    Jhanelle: After Noteables, I'm going to Broadway, then I'm going to be a filmstar!
    Raissa: Getting into the film industry is really hard
    Jhanelle: I know I can make it.
    Raissa: Why are you so sure?
    Jhanelle: I've got what it takes!
    Dianne: Passion and integrity?
    Jhanelle: No! Ambition!

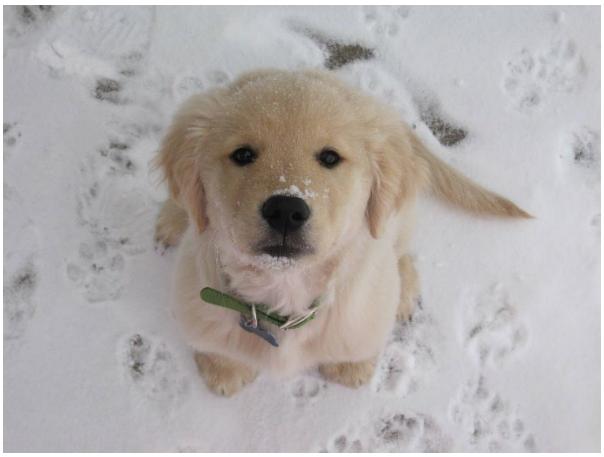
9. Fox Mambo

    Laura: Being an actor takes a lot of talent and passion.
    Amy: But if you have it, you can go far
    Kristen G: Yeah, if this show goes well, it could be the springboard into a great career
    Amy: You never know to what heights your career can go

10. Caroline's senior solo

    Roberto: One day to the curtain. Let's make this last rehearsal a great one, guys!
    Alex: I don't think we're ready!
    Claire: We can't look back now
    Roberto: The show must go on!
    Caroline: No one can stop us now!

11. One Day More



— INTERMISSION—

12. You can't stop the beat

Cassia: (gasping) My heart!
Rachel: Relax! A bit of brisk choreo works wonders for the body
Kristen: That's not why Cassia is nervous, is it?
Cassia: W-what?! I don't know what you're talking about.
Kristen: Come on! Every stage has to have some drama.
Cassia: But it's not like that! We're just coworkers.

13. When he sees me

Adam: Jhanelle's such a good actor!
Lily: I bet she'll win a Tony for her performance
Ade: Yeah, she's the best actor I've ever seen!
Lily: It would be crazy if she didn't.

14. Jhanelle's senior solo

Quinn: Ugh, she thinks she's so much better than us.
Other people in Sandra dee: Yeah, we're, like, just as good as she is!
If not better.
The new girl thinks she's already some big-time actor!
She thinks she's all that!

15. Sandra dee

Andrew: I can't believe so much of the cast stayed up last night partying!
Dianne: Yeah! It's housing day!
Alex: I've been up since four am!
Dianne: Why?!?
Andrew: Yeah, that seems excessive.
Alex: (Shrug) I was just "two" excited

16. Two-by-two

Jessica: I'm really excited to be a part of house life!
Kristen A: Yeah, house life is great!
Harry: (Offstage) Aauughh! Pfoho!
Objectively
Jessica: But I wish I could get involved in the world of Broadway.

17. Rachel's senior solo

Raissa: I think the Muses can help you develop your theatrical talents and become part Broadway
Laura: The Ancient Greek goddesses of the arts?
Raissa: Yeah, they're great storytellers!
Laura: And not bad gospel singers either.
Raissa: Wait, what...

18. Gospel truth

Kristen G: Tech week/ dress rehearsal was a lot of hard work
Alex: But it's the only way to make an amazing performance.
Kristen G: Yeah, and it was only a week.
Alex: We're almost there guys!

19. Almost There

Rachel: I'm so conflicted. I'm happy that we're almost ready to perform, but I'm so sad that it will be the last time we're all together.
Kristen A: Yeah! I'll see you all when I'm up with the Hollywood jet set!
Ade: Well, I'll miss y'all. I feel like with you guys, I've finally found my corner of the sky.

20. Corner of the sky

Roberto: this is it, guys! It's showtime!
Jen: Opening night!
Hae-In: I'm so excited!
Amy: (Breaking from reverie) oh my gosh. This is it. I can't remember any of my lines. Okay. Relax. Breathe. Go back to the basics. Just like the recipes from back home.
